Examination result: Once you have taken the online test and your submitted videos have been analysed, you will usually receive the results of your entrance exam within a few days. If the test result is positive, you can then upload your documents and complete your enrolment. Once you have transferred the enrolment and tuition fees, you will have fulfilled all the requirements and will be allocated a place on the course, after which you can start studying at the VMI at the beginning of the relevant semester.

For persons from third countries: If you are a citizen of a country outside the European Union or do not have a valid residence permit for Austria, you will first receive a letter of admission after successfully passing the entrance examination and transferring the enrolment fee, with which you can apply for a corresponding visa for Austria.
